

No Hugs during COVID—however, you can reach out to our Community—specifically the kids at Garlough Environmental Magnet School down the block from the church—with a **virtual hug** by providing a new winter coat and other winter wear like snow pants, hats, mittens and scarves. COVID-19 has impacted many families. Some of these families were already struggling to make ends meet. **How can you help? Drop off new winter wear** at the church between 9-3pm during the week, we will see that it is brought to Garlough to be distributed to those in need. During these times of COVID we ask that only newly purchased items be brought in. The children attending Garlough are in grades K-4. What a great way to extend the Christmas spirit of joy and kindness to our young Community members and to keep them warm over the coming winter months. Sponsored by St Stephen's Mission Committee.
